Report on NC Pandemic Recovery Office Operations and Activities

Overview of the Office

In May 2020, Governor Cooper established the NC Pandemic Recovery Office (NCPRO) to oversee and coordinate the fiscal response to the COVID-19 pandemic. NCPRO is responsible for overseeing the distribution of the \$3.6 billion in Coronavirus Relief Funds (CRF) from the U.S. Treasury to provide support to state agencies, local governments, nonprofits, hospitals, educational institutions, and research organizations. NCPRO established a system for distributing, tracking, auditing, and providing guidance to more than 2,000 recipients of the funds provided by CRF.

In addition to CRF, NCPRO is responsible for the oversight, administration, and federal reporting for seven additional COVID-19 recovery programs: (1) the Governors Emergency Education Relief (GEER) program, (2) Emergency Rental Assistance (ERA), (3) Homeowners Assistance Fund (HAF), (4) Economic Development Administration Tourism Grant Funds, (5) Economic Development Administration Strategy Funds, (6) Capital Projects Fund, and (7) American Rescue Plan Act State Fiscal Recovery Funds (SFRF). NCPRO is responsible for providing technical guidance and support to all county and municipal governments that received funds from the American Rescue Plan Act Local Fiscal Recovery Funds (LFRF), and funds for the 525 municipalities that are flowing through the State.

North Carolina received \$222.7 million in GEER funds from the CARES Act and CRSSA Act, which come to the State from the U.S. Department of Education. The Governor is responsible for awarding funds to education entities under GEER I and GEER II programs (totaling \$137.8 million); federal law allocates the remaining \$84.8 million to the Emergency Assistance for Non-public Schools program, which is administered by NCDPI, with NCPRO providing oversight and federal reporting. GEER funds must be expended by December 31, 2023 (GEER 1 by December 2022 and GEER 2 by December 2023). Reporting and oversight activities are required through first quarter of 2024, and federal audits of GEER funds will continue through the end of 2025.

The Emergency Rental Assistance (ERA) program assists households that are unable to pay rent and utilities due to the COVID-19 pandemic with \$979 million in federal funds awarded to the State of North Carolina through the Consolidated Appropriations Act of 2021 and the American Rescue Plan Act (ARPA). The U.S. Treasury allocated an additional \$280 million directly to 18 local governments, and \$24.4 million was provided to five tribal governments in North Carolina for the ERA Program. NCPRO is responsible for the oversight, administration, and federal reporting for the state's allocation of the ERA funds. Additionally, NCPRO is working with the local and tribal governments to coordinate programs and is providing technical assistance where needed.

North Carolina received \$273.3 million for the Housing Assistance Fund (HAF) through ARPA to provide financial assistance to homeowners experiencing hardship due to the COVID-19

pandemic. Funds from this program may be used to prevent homeowner delinquencies, defaults, foreclosures, and other homeowner-related expenses. NCPRO is responsible for the oversight, administration, and federal reporting for the state's allocation of HAF funds.

The State of North Carolina received \$5.4 billion in American Rescue Act State Fiscal Recovery Funds (SFRF), and local governments in North Carolina directly received \$2.7 billion in Local Fiscal Recovery Funds (LFRF). North Carolina received \$352,692,103.50 of the \$705 million to distribute to 525 municipalities in accordance with U.S. Treasury rules and guidance. To date, NCPRO has distributed \$342,638,945.92 of the LFRF to 521 of the 525 municipalities. The office is currently working to assist the remaining local governments in completing their paperwork to receive these funds. In addition, NCPRO hosted webinars on June 30th and July 1st with more than 1000 attendees — in collaboration with the Local Pandemic Recovery Stakeholder Group — to provide guidance to local governments regarding the use of ARPA funds. NCPRO also participated on several panel discussions with the UNC School of Government (SOG) “Basics of ARPA” course for local governments during the month of October. NCPRO is partnering with the SOG to host learning communities to discuss the federal and state requirements in March 2022 and a “Basics of ARPA” course for state agencies in May 2022.

Staffing, Funding and Responsibilities of NC Pandemic Recovery Office

The North Carolina Pandemic Recovery Office is organizationally located in the Office of State Budget and Management. The office hired its first staff in May 2020 and added most staff within the first three months of operation to complete its primary duties:

- Develop the systems, processes, and procedures to efficiently disburse the federal recovery dollars as appropriated,
- Disburse federal funds in a timely manner to assist recipients in responding to the pandemic,
- Monitor changing US Treasury guidance,
- Provide technical assistance to recipients and assist in program development design,
- Meet federal and state reporting requirements,
- Identify the impacts of the COVID-19 pandemic on North Carolina's people, communities, and businesses,
- Address gaps in recovery funding for underserved people, places, and businesses, and
- Audit the recipients of federal dollars to ensure compliance with federal and state laws.

All the positions within the office are time-limited, temporary, or contract-based (i.e., employees who have been temporarily reassigned from state agencies). Because the office was established in May 2020, it has operated remotely from its inception, and it continues to operate in a hybrid remote and in-person environment in accordance with guidance from DHHS and OSHR.

Additional positions have been added as noted in table 1 as NCPRO has been tasked with administering additional federal funds, and auditing and federal reporting requirements have increased in frequency and volume.

Activities of NC Pandemic Recovery Office During the 2020 Calendar Year

During the 2020 calendar year, NCPRO was focused on administration, oversight, disbursement, and reporting for the state’s \$3.6 billion in Coronavirus Relief Funds (CRF), as well as identifying the impacts of the pandemic on North Carolina’s people, communities, and businesses. The first round of the Governor’s Emergency Education Relief Fund (GEER) was included in the CARES Act, and NCPRO was involved in determining how to best allocate those funds and in developing oversight, administration, and reporting functions for the GEER program. Because the CRF dollars were set to expire on December 30, 2020, NCPRO also worked with CRF recipients to reallocate funds to make sure they were used before the deadline. When President Trump signed the Consolidated Appropriations Act into law on December 27, 2020, which extended the CRF expenditure deadline, NCPRO shifted its focus to making sure CRF recipients understood the new deadline and guidance from the U.S. Treasury. In addition, the Consolidated Appropriations Act included funds for the Emergency Rental Assistance (ERA) program.
